

**RED CROSS COLLECTS
\$4,100 IN HOTEL DRIVE****Plans Complete for Canvass
at Horse Show To-morrow.**

Hotel lobby collections yesterday by Red Cross roll call workers totalled \$4,100 in the drive for \$50,000. This makes a total of nearly \$50,000 so far.

There are 101 booths in hotels and booths in seventy-four restaurants, thirty-three club houses, thirty-nine big stores and sixty-three office buildings.

The forty-nine theatres were in charge yesterday of young women at both the matinee and evening performances.

At the Pennsylvania Station football fans were greeted on their way to the Yale-Princeton game by Miss Adelaide Kip Rhineclander and Miss Susan Coppel, who acted for membership subscriptions. The Horse Show squads already are organized under Mrs. John H. Powers and will begin work to-morrow with the opening at Madison Square Garden. Sixty-three industrial groups are enlisted under the command of Col. John H. Perkins. Col. Michael Friedman, head of the mercantile division, led with \$15,000.

**FLORENCE NIGHTINGALE
HONORED IN NEW YORK****Wreaths Laid on Statue of
Liberty in Her Memory.**

Wreaths carried by children were laid yesterday at the base of the Statue of Liberty, on Bedloe's Island, as a tribute from the French Republic, Italy, Great Britain and America to Florence Nightingale, the centennial of whose birth is being celebrated this year. The army, the navy and the New York Chapter of

the American Red Cross had charge of the ceremony.

In the army delegation were Brigadier-General William Wiegell, chief of staff; Brigadier-General William J. Nicholson, commander of the Seventy-ninth Division in France, and Brigadier-General Edgar Russell, chief signal officer. The navy was represented by Rear Admiral J. H. Glennon, commander of the Second Corps Area, and Rear Admiral J. H. McDonald, commandant of the New York Navy Yard.

Lynna J. Bryson of the European Commission of the Red Cross and Lieut. J. Henry Smythe, Jr., of the Sons of the American Revolution, delivered patriotic addresses.

**FUND GIVES FREE CARE
IN 57 HOSPITALS****Drive to Raise Needed \$1,
500,000 Starts To-morrow.**

Free hospital treatment at fifty-seven non-municipal institutions will receive its annual support through the collection of the United Hospital Fund, which will be started to-morrow. The schedule for free care constitutes 40 per cent. of all hospital work, and calls for a budget of \$1,500,000, to be distributed by a standing committee on a basis of the amount, cost and quality of each hospital's free treatment of the sick poor.

Plans outlined for the collection by the executive chairman, Henry J. Fisher, indicate that the same rules governing the raising of the fund will be in force this year that were put into effect in 1919. There will be no street soliciting and no spectacular features.

Emphasis is being laid on the fact that the hospitals, if adequately financed, can reduce materially the city's economic loss due to sickness, which

reaches a total of \$75,000,000 in yearly wages alone.

This year Brooklyn is represented in the fund for the first time, adding ten hospitals to the list. The Manhattan headquarters are at 150 Nassau street; for Brooklyn, 110 Montague street.

CHURCH ARMISTICE SERVICES.**Catholics to Celebrate Second An-
niversary With Prayer To-day.**

At the suggestion of Archbishop Hayes, head of the local archdiocese, Roman Catholics of this city will celebrate to-day the second anniversary of the signing of the armistice with special religious services. The pastor of every church under the Archbishop's jurisdiction has been requested to ring his church bell at 11 o'clock.

The Archbishop also has ordered that the third prayer of the last mass to-day should be "Pro Pace," and at the conclusion of the mass the prayer for those in authority should be publicly recited.

GUARANTEED

A word about repricing

Insistent demand for lower prices has brought conditions that the merchant must face, but which cannot last if he is to survive. Cutting prices "to the quick" can only be offset by greatly increased volume of sales. To cut 25% or 33 1/3% from prices that were absolutely fair is a dangerous policy unless volume warrants, and a reduction of 50% can find no justification except for some special reason, such as closing out discontinued lines or patterns.

It is the probability that the manufacturing costs of another year will not warrant prices as low as these—at any rate, we have forestalled by at least a year the chances of a price drop.

Here are TYPICAL INSTANCES
